Additional Features/Description (if available)

Installation by VitalCALL Agent

Optional: Installation by veteran or contact

Available with...

Can be provided on its own without a monitoring system. D9199 form and justification required.

Features/Description

A lockbox is a key safe that is easily fastened to a doorknob, fence, railing, flyscreen or pipe on the exterior of the home. It is secured a bit like a padlock. It can hold up to three keys and has a 4-6 digit personalised code that can be changed as frequently as you like to ensure your security.

Accessory

Wallmounted Lockbox

Additional Features/Description (if available)

Installation by VitalCALL Agent

Optional: Installation by veteran or contact

Available with...

Can be provided on its own without a monitoring system. D9199 form and justification required.
